5. Proposals for Engineering Services on Thirteen Saudi Airports. By the June 30, 1964 deadline, a total of 34 engineering firms, including a substantial number of American companies, had submitted proposals to perform engineering services on 13 secondary airports in Saudi Arabia. These proposals are now being studied by a five-man committee headed by the Supervisor General of Civil Aviation. This committee is expected to make its recommendation later this month. 3. July 4 Festivities. Over 150 guests including prominent Saudis headed by Prince Muhammad al-Faysal and Deputy Foreign Minister al-Saqqaf, representatives of the Diplomatic Corps, and a number of leading journalists and businessmen of the Hijaz turned out for the Ambassador's reception on July 4. With the Government now established in Taif, no Cabinet members attended though other senior officers of the Government were present. The following day, the Embassy played host to the American Community's annual children's party. (UNCLASSIFIED)
